

LARSEN STRINGS

for Cello — *'It's all about the music'* —

Larsen Soloist Edition

Complementing the Original range and purpose designed for enhanced projection, focus and volume particularly at the higher harmonics as demanded by the professional solo player.

String Details

Our Soloist Edition is offered in all three tensions for A, D and G optimised slightly above the Original equivalents. Larsen solid steel cores with the A and D wound with precision rolled stainless steel flat wire and the G with tungsten.

The strings are based on solid steel cores, different in properties and dimensions from their regular counterparts – made for the demanding soloist player.
